Education

VIT Bhopal University, Bhopal	2023–Present
B.Tech in Computer Science, GPA: 9.16	
Mount Litera Zee School, Goa	2022–2023
AISSCE, GPA: 8.73	
Mount Litera Zee School, Goa	2020–2021
AISSE, GPA: 10.0	

Experience

Python Developer Intern ,CODESOFT	Feb 2024 – Mar 2024
Summer Intern ,Siemens	May 2025 – June 2025
Core Member , Event Management (Anchoring) StartUP Club	April 2024 – 2025
VIT Bhopal University	
Lead of Operations Team , Music Club	May 2024–Present

Projects

Component Log Viewer	May 2025 – June 2025
- Developed a desktop-based quality inspection tool to automate PCB component analysis, reducing manual inspection time by approximately 60%. - Built an end-to-end data pipeline to process CSV/TXT logs, map them with Excel-based product models, and visualize results through a unified GUI. - Implemented color-coded component visualization on PCB reference images using polygon overlays for faster fault identification.	
<i>Technologies: Python, Tkinter, SQLite, pandas</i>	
ParXon – An App for Parkinson’s Patients	Sept 2024 – Jan 2025
- Developed ParXon, a mobile application to support Parkinson’s patients (Stages 1–3) with structured, stage-specific exercise routines. - Integrated a voice assistant for guided exercises and hands-free navigation to improve accessibility. - Implemented medication reminders to assist patients with treatment adherence. - Enhanced usability using Text-to-Speech (TTS) and Speech Recognition. - Currently working on publishing a research paper on ParXon in the healthcare technology domain.	
<i>Technologies Used: Java, Android Studio, Firebase, MySQL</i>	

Achievements

VIT Bhopal – Johns Hopkins Health Hackathon	Feb 2025
Developed an innovative solution addressing a healthcare challenge. Collaborated with a multidisciplinary team to create a prototype. Presented the idea to a panel of experts in the final round.	

Interests

App Development | Web Development | Full Stack Development| AWS
Non-Technical: Diploma in Classical Music

Technologies

Languages: Cpp, Java, Python, JavaScript, SQL, HTML, CSS **Tools:** Git, GitHub **Frameworks:** Node.js, Express (Basic), EJS
